ACTA VITAMINOLOGICA ET ENZIMOLOGICA

1983 - Volume *5 n.s.*

INDICES

Paper Index

Studies on the mechanism of retinoid-induced adhesion of spontaneously transformed mouse fibroblast. (S. Adamo, W. Sasak, L.D. Dion and L.M. De Luca) pag. 3

Vitamin E and the heart: possible role as antioxidant. (R. Ferrari, O. Visioli, C. Guarnieri and M. Caldarera) » 11

Effetti dell'acido 13-cis-retinoico (Ro 4-3780) nella terapia dell'acne cistica grave. (P.D. Pigatto, A. Fioroni e P. Moroni) » 23

Colorimetric estimation of vitamin B_1 in pharmaceutical preparations. (R.T. Sane and V.A. Ghorpade) » 29

Nuclear localization of vitamin A in 3T3 cells. (N. Ferrari, A. Agradi and G. Vidali) » 35

Radiometric assay for thiamine pyrophosphokinase activity in human leukocytes. (A. Iwashima, A. Kinugasa and Y. Nose) » 41

Effect of vitamin A deficiency on pulmonary and hepatic protective enzymes in rat. (S.C. Dogra, K.L. Khanduja, M.P. Gupta and R.R. Sharma) » 47

La vitamina E nella fisiopatologia geriatrica. (M. Passeri e D. Provvedini) » 53

Antivitamin B_6 activity of L-penicillamine in Escherichia coli. (R. Yamada) » 73

Enzyme activities and metabolites along the kynurenine pathway in mice with Harding-Passey melanoma. (A. De Antoni, C. Costa, F. Baccichetti, E.L. Cardin Dè Stefani, S. Vanzan and G. Allegri) » 83

Effects of retinol, retinal, retinoic acid, retinyl palmitate and retinyl acetate on HeLa cell viability. (D. Fais, V. Mancino and D. Ferraro) » 89

HeLa nuclear, mitochondrial and microsomal binding proteins for vitamin A compounds. (D. Fais, V. Mancino, M. Nasca, A. Bono and Z.K. Leutskaya) » 95

The functional role of histidine and sulfhydryl groups in rat liver thiamine pyrophosphokinase. (A.I. Voskoboyev, I.M. Artsukevich and Y.M. Ostrovsky) » 105

Detection of vitamin B_{12} derivatives in serum by thin-layer chromatography and bioautograph technique. (L. Lenti, M. Lipari, L. Di Renzo, D. Lazzaro, L. Croci, S. Gizzarelli and G. De Felip) » 115

Effect of retinol on macromolecular synthesis in cultured cell lines. (N. Ferrari, E. Agradi and G. Vidali). » 119

Wernicke's encephalopathy. A case report with neurophysiologic and CT-scan studies. (A. Escobar, C. Aruffo and J. Rodriguez-carbajal) » 125

Effect of vitamin A deficiency on the level of glutathione and glutathione S-transferase activity in rat colon and liver. (M.P. Gupta, S.C. Dogra, K.L. Khanduja, R.R. Sharma) » 141

Vitamin D deficiency reduces the inotropic effect of ouabain. (C. Bazzani, R. Arletti, and A. Bertolini) » 147

In vitro effect of ascorbic acid on bovine kidney alkaline phosphatase activity. (G.A.D. Miggiano, A. Mordente, G.E. Martorana, E. Meucci, and A. Castelli) » 153

Some observations on vitamin D_3 metabolism in thyrotoxicosis. (G.C. Velentzas) » 159

Effect of dietary coconut oil and casein and megadoses of vitamin A or C on tissue lipid peroxidation and hemolysis in vitamin E deficiency. (S. Krishnamurthy, T. George and N. Jayanthi Bai) » 165

Misura dell'attività della glutatione reduttasi negli eritrociti e nel sangue intero come indice dello stato di nutrizione riboflavinico. (G. Maiani, S. Mobarhan, A. Nicastro, F. Virgili, C. Scaccini e A. Ferro-Luzzi) » 171

Lack of direct association between serum trasferrin and serum biochemical indicators of vitamin A nutriture. (L.A. Mejia and G. Arroyave) » 179

ACTA VITAMINOLOGICA ET ENZIMOLOGICA

In vitro effect of ascorbic acid on bovine kidney alkaline phosphatase activity. (G.A.D. Miggiano, A. Mordente, G.E. Martorana, E. Meucci, and A. Castelli) » 153

Some observations on vitamin D_3 metabolism in thyrotoxicosis. (G.C. Velentzas) » 159

Effect of dietary coconut oil and casein and megadoses of vitamin A or C on tissue lipid peroxidation and hemolysis in vitamin E deficiency. (S. Krishnamurthy, T. George and N. Jayanthi Bai) » 165

Misura dell'attività della glutatione reduttasi negli eritrociti e nel sangue intero come indice dello stato di nutrizione riboflavinico. (G. Maiani, S. Mobarhan, A. Nicastro, F. Virgili, C. Scaccini e A. Ferro-Luzzi) » 171

Lack of direct association between serum trasferrin and serum biochemical indicators of vitamin A nutriture. (L.A. Mejia and G. Arroyave) » 179

Glutamic-oxalacetic transaminase (SGOT) and glutamic-pyruvie transaminase (SGPT) in newborns in relation to the gestional age. (V. Zanardo, M. Bondio and G. Perini) » 185

Studio clinico di un preparato dietetico dimagrande: adeguatezza dell'apporto vitaminico-minerale sullo stato di nutrizione e immunitario. (E. Agradi, S. Toma, G. Vidali, E.R. Rossi, A. Giacchero, N. Ferrari e M. Ferro) » 193

Excess vitamin A and the metabolism of carbohydrates: Variation of enzyme activities in gingiva of rats submitted to excess vitamin A, vitamin A plus cortisol and vitamin A plus ascorbic acid. (Y.A.S. De Paiva and J. Nicolau) » 205

Interaction of endosulfan and dietary vitamin A on rat hepatic drug metabolising enzymes. (K. Sriram, U.K. Misra) » 213

Modulation of alkaline phosphatase in different organs by ascorbic acid and related compounds. (G.A.D. Miggiano, A. Mordente, G.E. Martorana, E. Meucci and A. Castelli) » 219

Effetto della carenza di acido folico sulla sintesi dei pteroilpoliglutamati. (G. Formiggini, C. Bovina, B. Tolomelli e M. Marchetti) » 225

Alterazioni calcio-fosforiche nella terapia cronica con anticonvulsivi: effetti della somministrazione di 25-OHD_3 sull'iperparatiroidismo secondario. (G. Bianchini, S. Mazzaferro, U. Mancini, A.R. Bianchi, G. Donato, C. Massimetti, M.R. Faedda, G. Sideri, G. Coen) » 229

Intestinal absorption of oxalate in scorbutic and ascorbic acid supplemented guinea pigs. (S. Farooqui, S.K. Thind, R. Nath and A. Mahmood) » 235

Ascorbic acid: A scavenger of superoxide radical. (S. Som, C. Raha and I.B. Chatterjee) » 243

Thiamine-binding protein from rat erythrocytes. (A.I. Voskoboyev and V.A. Averin) » 251

Action of vitamin P like compouds on lysosomal status in hypercholesterolemic rats. (A.B. Rathi, N. Nath, S.N. Chari). » 255
